

YELLING VILLAGE HALL

Safety Guidelines for Hirers of the Barbeque

The following guidelines must be followed when you are using the barbeque:

- Make sure you have completed the booking form correctly so that the Booking Clerk is aware that the BBQ is going to be used.
- You must bring your own charcoal and cooking equipment with you and please make sure you leave safety matches in a secure place.
- Just use enough charcoal to cover the base to a depth of approximately 5cm or 2 inches.
- Only use firelighters or designated starter fuel on the cold coals.
- Keep children well away from the cooking area and never leave the lighted BBQ unattended. Fill the watering can as a precaution.
- There are bins for cold ashes and waste respectively. Do not put hot ashes into any of the bins.
- Please leave the area clear and tidy and remember to take away any equipment and unused charcoal.
