Equal Opportunities Policy

Policy

Yelling Village Hall Management Committee recognizes that everyone has a contribution to make to our society and a right to equal treatment, and is firmly committed to striving for equality of opportunity. The policy applies to all matters relating to employment and services affecting individuals and groups whether they are actual or potential employees, volunteers or hirers and users of Yelling Village Hall

Statement underpinning the policy

The Management Committee recognises that certain groups and individuals experience the negative effects of discrimination, which lead to unequal access to communal resources and services and may restrict opportunities for them to be involved in their community.

The Management Committee will continually strive to broaden the use of the Village Hall, and is committed to converting their Equal Opportunities Policy into good practice.

To this end, it will actively oppose all forms of unlawful discrimination and will take positive steps to implement policies and practice which will counter direct and indirect discrimination on the grounds of race, gender, sexuality, disability, age, ethnic origin, nationality, religion, class or employment status.
